NEW INVESTOR INTELLIGENCE
BETTER STAKEHOLDER ENGAGEMENT
IMPROVED CAPITAL MARKETS

The AI-Native Investor Intelligence Platform

For Public Companies.
Built for a More Engaged Tomorrow.

Answir adds an always-on AI layer to your public company website, answering investor, analyst, media and other stakeholder questions using company-approved public information — while turning every conversation into valuable intelligence.

Why It Matters

Maximize Your IR Spend
Turn your disclosure investment into a continuously accumulating intelligence asset.

Always-On Accessibility
Give investors 24/7 access to accurate, compliant answers in multiple languages.

Actionable Intelligence
See what investors want to know and make more informed IR decisions.

Stronger IR for Better Valuation
Improve engagement, broader investor reach and market awareness to help drive long-term shareholder value.

How It Works

1 Ingest
Connects to your company-approved sources (website, filings, presentations, etc.).

→

2 Understand
Organizes the knowledge, keeps responses compliant and on-brand.

→

3 Engage
Answers questions, surfaces relevant content, and captures valuable insights.

A New, Public-Facing Investor Relations Solution

Answir combines AI-powered engagement, live human support and real-time analytics to help public companies reduce repetitive IR workloads, reach a broader audience and unlock new intelligence from every interaction.
